## MIDDIES DEFEAT WESTERN ELEVEN

Annapolis, Md., November 1.—After having called off the football game scheduled to be played here to-morrow between Navy and Western Reserve, of Cleveland, O., as a mark of respect to the memory of Vice President Sherman, the Naval Academy authorities permitted a game to be played between the two teams this afternoon. The game, which was won by the Midshipmen, 7 to 6, was a "unofficial" contest, and the members of the "brigade" were not permitted to cheer, applause being restricted to handclapping.

The only score was made in the second period, when the Navy coaches sent Captain Rhodes in to the backfield. He immediately started old-time smashing tactics, and hammered his way to the Reserve's ten-yard line, where he negotiated a pretty forward pass to H. Harrison, who was tackled just over the goal line. This touchdown with Brown's goal comprised the only score.

### BAD CHECK OPERATOR

Police Looking for Man Who Has Been Swindling Merchants.

A bad-check operator is plying his trade in Richmond, according to information received yesterday by Captain of Detectives McFarland. Several firms have been swindled of small sums, the crook apparently working on a cheap scale. His method of obtaining money is an ancient one. He represents himself in various shops as a merchant from some nearby point, and after ordering a bill of goods, sends a check for more than the amount and receives the change, usually a few dollars.

The police believe this man to be Leslie E. Bowman or M. C. Holden, about twenty-two years old. He is described as weighing about 140 pounds and about five feet ten inches tall.

A telegram received yesterday from the police of Harrisburg, Md., stated that a man answering this description is wanted there for check-kiting.

Building Permits.

Building and repair permits were issued yesterday as follows: S. P. Cowardin, to erect two detached frame dwellings, 121-123 Oakwood Avenue, to cost \$2,200. Mr. H. Boland, Jr., to erect a two-story frame dwelling, 2205 Perry Street, to cost \$1,800. The Cohen Co., to repair a brick dwelling, 111 East Canal Street, to cost \$200.

## GREEK RED CROSS APPEALS FOR HELP

Asks for Contributions to Make Possible Relief Work in Eastern War.

In an appeal issued yesterday, the Richmond branch of the Pan-Hellenic Union calls upon the charitable public for contributions to the Greek Red Cross Society of America, at present coping with the task of giving aid to their organization in the war zone. The letter bears the signature of G. Giannios, president of the Richmond branch.

The appeal asks for contributions to make possible "the noble work of giving relief to the afflicted and needy during this seige of trouble," and encloses a circular letter in the same strain from the United States Committee of the Greek Red Cross. The headquarters of the committee is in New York and its appeal reads as follows:

With the commencement of hostilities between Greece and Turkey the demands upon the Greek Red Cross, heavily taxed already by the general mobilization of the army, are daily growing larger, and the society is becoming dependent, to a very great extent upon the aid of those who sympathize with the sufferers in this inevitable struggle.

At the request of the governing body of the Greek Red Cross in Athens, we make an earnest appeal to the generosity of the people of the United States to send us contributions to enable us to strengthen the important and arduous labors of the "Red Cross" and to assure its continuance. Small and large sums will be equally thankfully received. Every dollar helps. Every contribution will be acknowledged by our treasurer, Mr. A. P. Ralli, Care Ralli Bros., 15 William Street, New York City, to whom kind subscribers to our fund are requested to forward their remittance.

Yours respectfully,

## FEDERATION FOR SOCIAL SERVICE

All Women's Organizations Join in Work for Richmond's Young People.

A permanent organization to be known as the Social Service Federation was effected yesterday afternoon by a number of women, representing practically every woman's organization in Richmond, who met at the home of Mrs. George M. Johnson, 15 South Third Street, in response to a call issued some days ago.

The organization is the outgrowth of a conference held on September 20 by the presidents of the women's organizations of the city. The meeting at that time was held with a view to taking action on the alarming revelations of youthful vice which had been disclosed. Resolutions were adopted by the conference which have since been passed by the organizations whose presidents framed them.

Yesterday afternoon, those who attended the original meeting on September 20, together with a number of others, met again to report action on the resolutions. A universal sentiment was found in favor of forming a permanent society for the uplift of the children and young people of the city, and within a short time Mrs. Johnson was elected president; Mrs. W. A. Burrows, vice-president, and Mrs. Clarence G. Burton, secretary.

As soon as formed the society proceeded to business, with the result that several movements were started before adjournment yesterday afternoon. Resolutions were passed over-turting the Police Board and the City Council to appoint a matron for the First Police Station, and asking for a woman probation officer. Mrs. George M. King, Mrs. G. Harvey Clarke and Miss Hattie Sellers composed a committee delegated to secure the use of school buildings in the city for children's recreation during the cold weather when the playgrounds out-of-doors cannot be used.

A second committee selected to cooperate with the recreation committee which has been investigating the playgrounds in Richmond consists of Mrs. W. A. Burrows, Mrs. C. V. Meredith and Miss Marie Leahy.

The federation also indorsed the proposal to establish a public library. Among the organizations from which the new federation will draw its membership are the Mothers' Clubs, the City Mission, the Associated Charities, the Young Women's Christian Association, the Woman's Temperance League of America, the Equal Suffrage League, the Association of Visiting Nurses and the King's Daughters. All the societies mentioned have promised support. The membership will not be limited to women, and men may be admitted. The federation will hold its next meeting on Friday, November 29, at 4 o'clock in the afternoon.

Mrs. G. Edwards, in a serious condition at her home, 1014 Eggleston Street, as a result of being gored by a cow. The animal had been recently bought by her husband, and she went out to examine it early Thursday morning. For apparently no reason the cow made dash for the woman as she was standing nearby and plunged its horns into her body, inflicting an ugly gash.

Mrs. Edwards screamed for help and her husband came to her rescue. Finding her wounded he aroused neighbors, and the City Hospital ambulance was summoned. Dr. O. C. Page responded and found it necessary to take fourteen stitches in a wound about the abdomen.

While Mrs. Edwards was badly injured her condition was not regarded as dangerous, and it was said she would recover.

### MORE LETTERS ARE READ

Government Claims They Prove Guilt of Alleged Dynamite Conspiracy. Indianapolis, Ind., November 1.—Going back to the call of the strike by the iron workers' union against bridge construction in 1906, the government today read letters purporting to show that violence was the beginning of the "dynamite conspiracy" later carried on by the McNamara's. All of the forty-five men now on trial, the government charges, are implicated by the letters.

The first exhibit was a letter written by Frank Buchanan, then president of the International Association of Bridge and Structural Iron Workers, to J. J. McNamara, saying, "If

## McFARLAND MAY QUIT FIGHTING

A majority of the executive board approved, a strike should be ordered. A strike was ordered against a bridge company which had sublet a contract to a Boston contractor who employed nonunion men. In connection with this it was pointed out that an explosion occurred at Miller's Falls, Mass., in December, 1905.

Mr. Buchanan's letters were devoted to the union's business in directing the strike. A letter from Mr. Buchanan, who succeeded Buchanan, was read, referred to the conditions in Toledo, O. McNamara said Buchanan had authorized someone named McClory to do some missionary work in Toledo, and that \$150 was appropriated for the purpose. McNamara said McClory employed four men of whom two were arrested for assault, and added that an attorney said if the men pleaded guilty they would be paroled, but that after the men were convicted the Central Labor Union of Toledo adopted resolutions against members of the Board of Public Service, and parole could not be had. McNamara said he had promised the men pay for the time they were in jail.

A letter was read from John T. Butler, Buffalo, vice-president of the union, to McNamara, about "a suggestion I would not care to put in writing. The government alleges the suggestion referred to violence."

Chicago, November 1.—"Packer" McFarland, announced to-day he would retire from the prize ring after his forthcoming contest with young Jack O'Brien in Philadelphia next month. He said he was tired of the continual rigor of training, and that the lure of the dollar had lost some of its draw. "There are only three fights I would like to get before I quit," McFarland said. "I'd like to take on Al Wolgast, I'd like to meet Jack Britton, and I would like to get into a ring with Battling Nelson just to give him a whipping."

"I have made about \$200,000 in the last five years and that is why I am ready to quit."

Every Effort Being Made to Find Person Who Fired Upon Convict.

Efforts are being made by the police to learn the identity of the person or persons who fired two bullets yesterday before day-break through two windows in the Convent of Our Lady of St. Francis, 36 East Canal Street. One bullet went through a window of the second floor and flattened itself against the wall, while the second passed through a first-floor window. One of them, which was apparently of forty-four-calibre, was found by Bicycle Policeman Kidd, who investigated the matter. It had been advanced that the bullets were fired by some person who was celebrating Halloween, but nevertheless the police intend to make every attempt to find the person responsible.

Although the second-story room was occupied, no one was hurt by the flying bullet.

Schrank Wants Colonel to Make Plea for Him.

Winchester, Wm., November 1.—Refusing that Theodore Roosevelt down and hear mailer toward him John Schrank, would-be slayer of the colonel, expects to escape with a light sentence.

Schrank could not escape expectations to Bernard H. Gottschalk, who occupies a cell near that of the notorious prisoner, Gottschalk is a former resident of New York.

"Theodore Roosevelt is only human, after all," Schrank said, according to Gottschalk.

"He was shot and has recovered. Now that it is all over and he has had time for reflection, his letter will surely have concluded that I should be pardoned and not condemned. When McFarland was shot he showed forgiveness."

"The entire case rests with Roosevelt. I know if he will come here and speak for me and adopt a broad view of the matter, I will get a light sentence. His word will settle the whole matter. I should think, he would come here when the case is tried."

## Who Will Sit in the Seats of the Mighty—The Money Proxies or the People's Men?

This is entirely a question of the people getting together. In this campaign there are only two sides, that of the Interests and that of the People. Woodrow Wilson has refused in no uncertain terms all financial help from questionable sources.

As a result the Interests have combined their money against him. And the common people must combine their money for him.

The enemy does not need help. They simply don't want opposition. The non-combatants are really on their side.

On which side are you?  
Will you give one dollar to elect Woodrow Wilson President of the United States?

What Your DOLLAR Will Do

Your dollar, given loyally to help the election of Wilson and Marshall, will educate one hundred voters.

It will carry to these one hundred voters the vital issues of this campaign. It will enable them to decide intelligently and independently as between the merits of the candidates and their platforms.

Your dollar will place the speeches of Woodrow Wilson and Thomas Marshall in the hands of these hundred voters. It will give them their records, their platform and perhaps an address from one of our campaign speakers.

Your dollar will give these voters the advantages you enjoy—the knowledge of the facts which have caused you to join Woodrow Wilson in his straightforward fight for the People and Popular Government as against Representative Government in which only the will of the Few is obeyed.

Woodrow Wilson's Choice a Prophecy

Years ago Woodrow Wilson dedicated his life to public service. He entered upon a study of government. He made himself a master of government, not in a theoretical but a practical sense. He studied other governments as well as our own.

Then he espoused the People's Cause not from the side which cried out the loudest that it was the "People's Party" but from the side which his knowledge told him represented the true principles of Popular Government.

He became a Democrat. Years afterward, he became a great Democratic Governor. He administered his office in true Democratic fashion, eliciting the praise of the whole state of New Jersey.

In eighteen months after he became governor, so powerful was the national effect of his achievements as a Progressive Governor that the Democratic party made him their Progressive Candidate for the Presidency.

In launching the new National Campaign Wilson took a characteristic stand—he chose not to accept a penny for campaign expenses from anyone except the People.

His choice we believe a prophetic one—prophetic of an upright, fearless administration when he takes the Presidential chair, prophetic of great, enduring, honorable public service in the White House.
